

**2003 SURVEY OF
BUILDING CODE PROGRAMS
IN IDAHO**

**IDAHO DIVISION OF BUILDING SAFETY
BUILDING BUREAU**

JULY 2003

FORWARD

To: Users of this report

This survey is periodically conducted by the Idaho Division of Building Safety in an effort to compile accurate up-to-date information regarding building code inspection programs in Idaho. This 2003 survey reflects changes in programs throughout Idaho that have occurred since October 2001 when the last survey was taken. The information gathered in this survey should be of value to architects, engineers, contractors, building officials, school districts, and any other parties who hold an interest in building code programs within Idaho.

This updated survey was initiated in May 2003 and completed in July 2003 to provide ample time for telephone contacts with each jurisdiction and reviews of submitted local building code ordinances to validate data gathered during the mailing/telephone survey.

In an attempt to compile accurate data for this survey effort, only those responding jurisdictions who submitted valid code adoption ordinances and who also utilize Idaho, ICBO, or ICC certified building inspectors were included within the survey. This survey does not reflect those code adopting jurisdictions which do not provide actual building code inspections as part of their program or who have not adopted the required 2000 IBC, IRC or IECC codes. Multiple attempts were made with all jurisdictions to take surveys and obtain current building code adoption ordinances.

The primary purpose for this survey was to determine which of Idaho's local jurisdictions have programs that conform to Idaho Code 39-4116 for building and energy code adoption and enforcement. The division was also interested in determining what other types of codes have been adopted by local jurisdictions that pertain to accessibility, mechanical, or gas systems. The Building Code Act of 1975 was developed to promote uniformity throughout Idaho regarding the adoption and implementation of building codes.

All local jurisdictions were notified by this office in April 2002, of their obligation to adopt the latest 2000 International Codes by no later than January 1, 2003.

For the basis of comparison, codes adopted by the Division within the Building Code Act (39-4109 Idaho Code) include:

1. 2000 International Building Code (including appendices E and J pertaining to accessibility)
2. 2001 IBC Supplement (accessibility requirements)
3. 2000 International Residential Code (except parts VII and VIII pertaining to plumbing and electrical)
4. 2000 International Mechanical Code
5. 2000 International Fuel Gas Code
6. 2000 International Energy Conservation Code
7. 1997 Uniform Code for Building Conservation
8. 2000 Uniform Plumbing Code
9. 2002 National Electrical Code

In jurisdictions not having adopted the state minimum electrical and plumbing codes, enforcement of those codes is required and provided by the Division's Plumbing and Electrical Bureaus.

The Division wishes to thank all of those jurisdictions who took precious time from their busy schedules to contribute data for this survey.

If you have any questions or suggestions regarding this survey, please feel free to call me at (208) 332-7151.

Please note that this data reflects only a "snapshot" of the codes and programs that are currently in place in Idaho. For more up-to-date information, you should contact local city and county jurisdictions individually.

Sincerely,

Jack A. Rayne
Building Bureau Chief
Idaho Building Bureau

Survey Summary Counties	1
Survey Summary Cities	2
Survey Questionnaire	3
Survey of Counties	4-5
Survey of Cities	6-12
County Contact List	13-15
City Contact List	16-24
County/City Mech., Safety Insp., and IECC Training Information.	25-27
Idaho Certified Mechanical Inspectors	28

SURVEY SUMMARY **(Counties)**

1. 24 (54 %) of Idaho's counties have adopted the 2000 International Building Code with enforcement by Idaho, ICBO, or ICC certified building inspectors.
2. 24 (54 %) of Idaho's counties have adopted the 2000 International Residential Code with enforcement by Idaho, ICBO, or ICC certified building inspectors.
3. 14 (31 %) of Idaho's counties have adopted the 2001 Supplement to the International Codes for accessibility provisions (also known as the 2000 Code Requirements for Housing Accessibility).
4. 22 (50 %) of Idaho's counties have adopted the 2000 International Energy Conservation Code.
5. 0 (0 %) of Idaho's counties have adopted an energy conservation code other than the 2000 IECC which is equivalent to or more stringent than the 2000 IECC.
6. 4 (9 %) of Idaho counties have ordinances indicating adoption of the 2000 International Mechanical Code with enforcement by ICBO or ICC certified mechanical inspectors.
7. 13 (29 %) of Idaho counties have (even if inadvertently) adopted the 2000 IFGC because of references in the adopted IBC/IRC.
8. 2 (4 %) of Idaho counties have adopted the 1997 Uniform Mechanical Code with enforcement by ICBO or ICC certified mechanical inspectors.
9. 12 (27 %) of Idaho counties have a mechanical code adopted without a certified mechanical inspector.
10. 25 (56 %) of Idaho counties reported that their building official or inspectors had attended training on the 2000 IECC or IRC Ch. 11 during the last 12 months.
11. 23 (52 %) of Idaho counties reported that they have building inspectors interested in obtaining additional IECC compliance training at no cost.
12. 6 (14 %) of Idaho counties report that they perform annual safety inspections of public buildings.

NOTE: SOME COUNTIES MAY HAVE INADVERTENTLY ADOPTED THE 2000 INTERNATIONAL MECHANICAL AND FUEL GAS CODES AS THEY ARE INCORPORATED BY REFERENCE AS PART OF THE 2000 IBC IN CHAPTER 28 AND AS PART OF THE 2000 IRC CHAPTERS 12-24.

SURVEY SUMMARY **(Cities)**

1. 86 (43 %) of Idaho's cities have adopted the 2000 International Building Code with enforcement by Idaho, ICBO, or ICC certified building inspectors.
2. 82 (41 %) of Idaho's cities have adopted the 2000 International Residential Code with enforcement by Idaho, ICBO, or ICC certified building inspectors.
3. 52 (26 %) of Idaho's cities have adopted the 2001 Supplement to the International Codes for accessibility provisions (also known as the 2000 Code Requirements for Housing Accessibility).
4. 82 (41 %) of Idaho's cities have adopted the 2000 International Energy Conservation Code.
5. 0 (0 %) of Idaho's cities have adopted an energy conservation code other than the 2000 IECC which is equivalent to or more stringent than the 2000 IECC.
6. 20 (10 %) of Idaho cities have ordinances indicating adoption of the 2000 International Mechanical Code with enforcement by ICBO or ICC certified mechanical inspectors.
7. 32 (16 %) of Idaho cities have (even if inadvertently) adopted the 2000 IFGC because of references in the adopted IBC/IRC.
8. 7 (3 %) of Idaho cities have adopted the 1997 Uniform Mechanical Code with enforcement by ICBO or ICC certified mechanical inspectors.
9. 28 (14 %) of Idaho cities have a mechanical code adopted without a certified mechanical inspector.
10. 79 (39 %) of Idaho cities reported that their building official or inspectors had attended training on the 2000 IECC or IRC Ch. 11 during the last 12 months.
11. 78 (39 %) of Idaho cities reported that they have building inspectors interested in obtaining additional IECC compliance training at no cost.
12. 39 (19 %) of Idaho cities report that they perform annual safety inspections of public buildings.
13. 12 (6 %) of Idaho cities provide their own enforcement of the state adopted 2000 Uniform Plumbing Code.
14. 9 (4 %) of Idaho cities provide their own enforcement of the state adopted National Electrical Code.

NOTE: SOME CITIES MAY HAVE INADVERTENTLY ADOPTED THE 2000 INTERNATIONAL MECHANICAL AND FUEL GAS CODES AS THEY ARE INCORPORATED BY REFERENCE AS PART OF THE 2000 IBC IN CHAPTER 28 AND AS PART OF THE 2000 IRC CHAPTERS 12-24.

QUESTIONNAIRE
2003 SURVEY OF BUILDING/ENERGY/MECHANICAL CODE PROGRAMS IN IDAHO

1. Jurisdiction: City of _____ or County of _____

2. Name of Primary Idaho, ICBO, or ICC Certified Building Inspector or Plans Examiner
Name _____ Certification No. _____
Name of Primary ICBO or ICC Certified Mechanical Inspector
Name _____ Certification No. _____
Primary Building Inspector's Mailing Address _____
E-Mail Address _____ Business Phone No. _____
Business Cell No. _____ Fax No. _____

3. Does your city or county have an ordinance adopting and enforcing the minimum state prescribed building, accessibility, and energy codes? (Codes are the 2000 IBC, IRC, IECC, 2001 Supplement to I-codes for Accessibility or 2000 Code Requirements for Housing Accessibility) Yes _____ No _____

Have you amended the state prescribed 2000 IBC, IRC, or IECC to provide at least an equivalent or more stringent level of protection to that of the required adopted codes?
Yes _____ No _____

Has your jurisdiction adopted a mechanical code? Yes _____ No _____
If so, which edition? _____
Fuel Gas Code? (2000 IFGC) Yes _____ No _____

4. Has the Building Official(s) and/or Inspector(s) acquired any 2000 IECC or IRC Ch. 11 training in the last 12 months? Yes _____ No _____

Does your jurisdiction have Building Inspector(s) who would like to attend free 2000 IECC compliance training? Yes _____ No _____
Name(s)? _____

5. Has your jurisdiction accessed the State of Idaho, Division of Building Safety's website for information on Building and Energy Codes? Yes _____ No _____
(www2.state.id.us/dbs; or www2.state.id.us/dbs/energy)
If yes, was it helpful? (suggestions are welcomed) _____

6. Does your jurisdiction perform annual safety inspections of existing publicly owned facilities? Yes _____ No _____

Please fax or mail a copy of your building, energy and mechanical code adoption ordinance(s) and this completed questionnaire to :

**Division of Building Safety
Building Bureau
1090 E. Watertower Street
Meridian, ID 83642
(Fax 208-855-9399)**

If you have any questions, please call Lisa Stover at (208) 332-8963.
